Re: Agreement with Food corporation of India.

Mr .Speaker: Regarding S. Q. No. 137 of 13th last, supplementaries were kept outstanding. I think Shri Debeswar Sarma asked about the price, of rice, administrative charges etc. Will Shri Sarma please put the question once a gain.

6

1

Shri Debeswar Sarmah:

I asked (1) what is the administrative charge taken by the F. C. I., (2) Why the F. C. I, refuses to sell paddy to Government and they sell rice only. They leave paddy with the big mill owners' godowns: our Co-operative mills cannot get paddy because the F. C. I. says "We will give first to the mill owners who have got godowns." As a result our Co-operative mills which are doing good work particularly the one at Barhola within this short span of time are not getting paddy for milling. What is the administrative charge, why they do not sell paddy to the Govt., and why they deposit all the paddy with the mill owners?

Shri Romesh Chandra Barooah (Minister, Supply):

I am giving the break-up of the charges on different items. price per quintol Redgrain Arua 53.34; red grain ushna 53.34., coarse Arua 56.25, coarse ushna 56.25, fine arua 59.36., fine ushna 59.36, Superfine arua 70.29; Superfine ushna 70.29. Purchase commission Rs. 2.68 per quintal; storage charge @18 paise loss 2 1/2% of above 1.42: Milling charge @Rs. 2.33 per quintal. Total cost of conversion of a quintal of paddy into Rice comes to redgrain arua 60.49, redgrain ushna 60.49, coarse arua 63. 47, coarse ushna 63.47, fine arua 66.66, fine ushna, 66.66, superfine arua 77.86, superfine ushna 77.86, delivery charge @27 paise per quintal 0.27 paise, administrative charge of Apex /F. C.I. @Rs. 2.91, interest charge of Apex/F.G.I on above @7 1/2% per annum for 3 1/2 months, additional polled loss on account of purchase of moint paddy during Nov/Dec 1.48 Apex FCI issue price per quintal comes to Rs: 101.02; then Govt. administrative charge 30 paisa per quintol of rice 0.30; wholsale profit of 1 1/2%. The wholesale cum Govt, issue price per quintal of rice comes to Rs 102.72; retail profit @5% comes to Rs. 4 66 retail price per quintal of rice Rs. 107.37, retail price per kg. of rice Rs.1,07.

Shri Hiralal patwari:

Sir, the Hon'ble Minister has stated that the F.C.I. charges, interest and storage charge for four months. I know. Sir, in certain cases they charge storage charge without even storing the paddy as is done in case of allotting paddy to the tea gardens? May I know from the hon. Minister how the F. C' I. is realising storage charge and interest without investing money ?

Shri Romesh Chandra Barua

F. C. I. may not incur storage expenditure in a particular month but these charges are allowed on the basis of the entire year.

Shri Hiralal Patwary:

When the tea gardens purchase paddy as allotted by govt. in the month of November and December, the F. C. I. is not to store the paddy; it is the gardens who store them. So, this Storage charge should go to the gardens for incurring the loss in shrinkage, May I ask the Minister to re-examine the whole question so that the allottees concerned may not suffer?

Shri Romesh Chandra Barua:

Sir, the question is not clear to me. If it is given in writing then I would examine it.

Re: Misappropriation by the Cashier of Tamulpur Development Block Office

Shri Maneswar Boro asked:

Re: Industrial Training Institute in Barpeta

Shri Ataur Rahman asked:

* 179. Will the Minister-in-charge of Labour be pleased to state the latest position about the establishment of Industriat Training Institute in Barpeta?

Shri Kamakhya Prasad Tripathi (Minister, Labour) replied:

179.—A site near Barpeta town) Jati Metuakuchi V. G. R.) is under investigation of the P. W. D. to ascertain its financial implication and suitability for establishment of the Industrial Training Institute at Barpeta.

Shri Ataur Rahman :-

How long the question of establishment of Industrial Training Institute is pending and how long will it take to finalise it? Shri Kamakhya Prasad Tripathi;

Sir, unfortunately a site at Barpeta town was selected-originally and it was found that the cost of earthfilling alone will be very high. At that time 60 per cent of the cost

was subscribed by the Government of India and the balance by the State Govt. When we wrote to the Govt, of India finally they refused to give so much money for earthfilling and so it could not be materialised. Now, the situation changed and the money will have to be found out by the state Govt. Recently we have set up a Committee to select a site, under the leadership of the Deputy Minister Labour. He went there and in consultation with the members of Barpeta subdivision visited various sites which were shown by the members and accordingly the P. W. D. has been asked to prepare the plans and estimates. Because it seems the only unanimity which is possible is with regard to Barpeta town. If Barpeta town is ignored and another place is selected then there is no unanimity amongst the members. Now we are trying to find out the figure in respect of cost involved and also awaiting the plans and estimates.

Re: Supply of Muriah Buffalo, Sindhi Bnil, etc. Shri Dulal Chandra Barua asked:

180. Will the Minister-in-charge of Veterinary be pleased to state-

(a) Whether it is a fact that the Government accepted a tender from a contractor for supply of Murrah buffalo, Sindhi bull and Beetle goats in the year 1965-66?

- (b) Whether it is a fact that the said Contractor could not supply the above animals in time as per agreement contracts deed?
- (c) Whether it is also a fact that time has been extended to the same contractor from year to year in the same rate without caring to call for fresh tender as per rule?
- (d) If so, what are the reasons for showing undue favour to this particular individual at the cost of public money?

Shri Lakshmi Prasad Goswami (Minister, Veterinary) replied : 180. (a)—Government accepted a tender from a contractor for supply of Sindhi bulls, Beetal goats and Bararl goats only in 1965-66.

No tender was called for supply of Murrah buffaloes.

- (b)-No: 11 annot assessed or barrens the simple sog at dardy
- (c)-No. with and being the chapted todans but house, of ower
- (d)—Does not arise.

Shri: Dulal Chandra Borua:

Sir, I want to draw the attention of the House to a very serious thing. Sir, in what the Minister is trying to misguide the House. In his reply he has stated that no tender was called for supply of murrah Buffaloes. May I draw his attention to the news item published in the Assam Tribune dt. 22nd December, 1966. Here a tender notice issued by his Director of veterinary, under the signature of J.M. Bujarbarua. Here it has been stated that "Sealed tenders affixing Court fee stamp of Rs. 2/- for supply of the following Livestock are invited from the conractor's Breeders and the same will be received in the office of the undersigned during the office hours on all working days till the 30th December, 1966 up to 1 p.m. and will be opened the same day at 2 p.m. in presence of the tenderers or their representative if they remain present. The animals viz. Murrah Buffaloe cows and Bulls should be of the following specifications" Now the Minister has stated that they have not called for tender for supply of

Murrah Buffaloes. Sir, the tender was earlied for it is a breach of privilege. This tender will be remained valid for 1 year. On that they also, Sic, I raised this question. A tender has been accepted from one particular gentle man. The tender has been invited in the year 1966 and the time for acceptance was given for 1 year. When the Director has made the advertisement for supply of Murrah Buffaloes and others on 22nd December, 1966. Therefore, how he could say before this August House that tender for supply of Murrah Buffaloes was not there?

Shri Lakshmi Prasad Goswami : da moda guina da da da

Sir, the question is concerning the year 1965-66 and he has now quoted December, 1966. Then it would be 1966-67 My answer to the question is he has clearly given the year 1965-66. My answer relate to that year only.

Shri Bulal Chandra Barua:

Sir, whether it is a fact that the said contractor could not supply the above animals in time as per agreement contract deed? It is not mentioned the Financial year. It is in between 1965-66. Whether it is a fact that time has been extended for the same contractor from year to year?

Shri Lakshmi Prasad Goswami:

Sir, the Hon'ble member has quoted the year as 1965-66. So he has given the financial year. If it would have been an ordinary year than the year mentioned ought to have been only 1966 or 67. When 1965-66, is mentioned it relates to that financial year. December comes under the financial year 1966-67. Now regarding the question No. (b) the question is whether it is a fact? My reply is no.

Shri Dulal Chandra Barua:

It is not the financial year. The year 1965-66 that means not of 1966. I do not mention firnancial year.

Shri Lakshmi Prasad Goswami Minister Veterinary:

The question of extension of period of tender the date given by Hon'ble Member has just quoted a tender notice. This itself shows that there was a fresh tender called in December, 1966.

Shri Dulal Chandra Barua:

Sir, How an injustice has been done to the House?

They are trying to interpret the thing just to put the matter to the background. Sir, they have no right to misguide the House. In the year in between 1965-66 a tender has been accepted. He said no.

Shri Rothindra Nath Sen:

Sir, we are beating about the bush in reply to the question of the Hon'ble Member, Mr. Barua. The Minister was kind enough to say a thing. As he has made a mention to the same contractor from year to year in the same rate without caring to call for fresh tender as per rule and the Minister in a reply cannot say that a reply does not arise. Sir, we want your guidance in this matter.

Shri Lakshami Prasad Goswam!:

There are so many question. I do not know what the Hon'ble member Shri Barua has in his mind. In putting the supplementary puestion he added the word in between 1965-66. But the question is very clear. He has mentioned in the question in the year 1965-66 and my answer relates to the year 1965-66. And, Sir, another thing he says in the year 1965-66 and not years. So, I think I am correct when I understand that he mentioned the financial year. Now, hon Member has referred to tender notice concerning December, 66 so my answer to question 180 (a) is that no tender was called for supply of Murrah buffaloes in the year 1965-66. That is my answer.

Shri Jagannath Singh:

Sir, grammatical rules years 1965 and 66 cannot be 'year' but will be 'years'—that is what Nesfield says, 1965-66 that means one particular year starting from 1st April ending on 31st March.

(Many hon Members rose to ask supplementaries)

Shri Giasuddin Ahmed:

I am sorry, the hon'ble Minister is playing hide and seek. His answer is no tender in 1965-66 was called for. Let us take it for granted that no tender was called for in the year 1965-66. But what is the harm if the hon. Minister mentions in his answer that it is not 1965-66 but 1966-67. He is suppressing fact.

(Noise from the Opposition)

Shri Lakshmi Prasad Goswami:

There is no question of suppressing anything. When we receive a question where hon'ble members seek a definite information regarding definite period we are to answer to that only.

Shri Dulal Chandra Barua:

What about the third one?

Shri Lakshmi Prasad Goswami;

Mr. Speaker:—Order, Order, please. The Minister has given his own interpretation and you are giving your own interpretation. I cannot force the Minister to speak in this way or that way.

(Again noise from the Opposition)

Shri Lakshmi Prasad Goswami :-

Sir, if the hon Member is not satisfied with my answer I may find out detail as we generally do and place it before the House. Here, hon'ble member is giving interpretation of his own question and I am trying to meet it. If the hon. Member is not satisfied with my answer I am prepared to place the information on the table of the House or to send it to hon Member.

Shri Rothindra Nath sen:

Sir, we feel that we can close this question only if we get an understanding from the hon. Minister that he will enquire into the matter. It appears that the hon. Member, Shri Barua, is very much anxious to find out the truth of this case and the hon. Minister too was kind enough to say that if the hon. Member so desires he will make enquiry and if necessary send the reply to him at his residence. Inspite of that just to satisfy the hon. Members of this House, and the hon. Minister-in-charge of Veterinary not give us this much assurance-since some rat is being smelt through this question-that he will enquire into the matter and if he finds that some sort of malpractice has been adopted by his Department in respect of that particular contractor he will take necessary action?

Shri Lakshmi Prasad Goswami:

I quite appreciate the intention of hon. Member, Shri Sen. So all our dispute regarding the attempt to conceal facts and truth should now be dropped. As the hon, Member has now definiely brought to my notice that he meant, while putting the question of December, 1966 notice and the things following 1966 December, I will surely enquire into it, and, at the same time, I can tell you. Sir, that when the hon. Member, Mr. Barua, moved his motion on that day, he dealt with all these points and I have to reply. Here the difficulty has been created by mentioning a definite period. So, it created a difficulty in giving a general answer concerning series of years. That reply I will give in reply to my motion, and as the hon. Member desires, I will look into the matter.

Shri Dulal Chandra Barua:

In this connection, may I draw the attention of the Minister that one gentleman, Shri N. Goswami of Chandmari, Gauhati has submitted a representation to the Chief Minister on 8th January, 1969, and my information goes that the matter has been referred by the Chief Minister to the Veterinary Department to enquire andreport. May I know whether the Hon'ble Minister will take into account this aspect of the matter at the time of enquiry as to why no action has been taken by the Officers, even when the Ceief Minister has referred the matter to the Department?

Shri Lakshmi Prasad Goswami:

In the question, hour we generally discuss the matter stated in a question, for general discussion or making a general enquiry into the allegations coming in January, 1969, I think does not come within the purview of this question. When the Chief Minister has referred these matters to the Department surely the Department will enquire into it and submit a report to the Chief Minister and the Chief Minister will convey his findings to the person concerned who has made these allegation

- (b) Why the Co-operatives have not yet been registered?
- (c) Whether it is a fact that the matter is pending in the Revenue Office, Barpeta?
- (d) Whether Government proposed to take up matter immediately so that the Co-operative may be registered within this year with the landless cultivators?
- Shri Mahendra Mohau Choudhnry (Minister, Revenue) replied: 200. (a)—Thirty-five proposed Cooperative Societies were put in possession in the area of 3,000 bighas of land in Theka-Betbari P. G. R. But 2 Co-operatives could not take over possession of the allotted land which was under occupat on of the erosion affected people of Balapara village in Chenga Mauza since 1961. It is proposed to give possession to these Co-operative Societies by shifting the erosion affected people of Balapara village to some other suitable place in consultation with the L. S. A. C.
- (b)—List of members of 20 proposed Co-operatives who were allotted land in the de-reserved area of 2,000 bighas in the Theka Betbari Private Grazing Reserve have been sent to Assistant Registrar of Co-operative Societies, Barpeta for formation and registration of Co-operative Societies and the lists of members

of the other societies who were allotted land in the area of 1,000 bighas proposed for de-reservation will be submitted for registration as soon as sanction of formal dereservation is issued.

- (c)-Subdivisional Officer, Barpeta submitted de-reservation proposal for 1,000 bighas of land from Theka-Betbari Private Grazing Reserve but this has been returned to him for re-submission after issuing de-reservation notices under appropriate head. This is awaited.
- (d) Necessary action will be taken by the local authority to register the remaining Co-operatives as soon as formal dereservation sanction is received by him as mentioned in (c) above.

Re: Commandant of 3rd Assam Police Battalion.

Shri Dulal Chandra Baruah asked :

* 208. Will the Chief Minister be pleased to state—

- (a) Who was the Commandant of 3rd Assam Police Buttalion from 1st January, 1969 to 16th April, 1969?
- (b) Whether any vehicle bearing number ASK 7862, was placed under him?
- (c) Whether Government received any report of misuse of the Government vehicle by this Officer?
- (d) Whether it is a fact that the Officer used this vehicle to carry boys form his own native place for appointment as sepoy to the Battalion ingoring the other bonafide youths
- (e) Whether Government is aware that the Officer misused a sum amounting to Rs. 2.15,000 of the Co-operative Store of the Bittalion and have not furnished any account for few years now?
- (f) Whether Government is aware that a huge amount of money sanctioned under M.M.V. was spent by this Officer for the purpose of bringing building materials for private construction?
- (g) Whether Government is aware that huge fund allotted to this Unit has been spent by this Officer for party and other private purposes?

- (h) Whether Government is aware that 25 per cent of the Sanctioned expenditure of the Unit meant for Welfere Fund has been mis-appropriated by this Officer without rendering any account inspite of repeated demands by the Unit personnel?
- (i) Whether Government is aware that there have been much dis-satisfaction among the cadets due to discriminatory treatment of this Officer in placing them in the Border?

Shri Bimala Prasad Chaliha (Chief Minister) replied:

- 208. [a]—Shri Indusekhar Sharma, I, P. S., is the Commandant of 3rd A. P. Battlion. He has ben holding the post, since 28th June, 1968.
- (b)—Yes. Vehicle No. ASK 7862 is a 5. tonner truck of the 3rd A.P. Battalion,
- (c)—Yes. Certain anonymous petitions were addressed to various quarters including High Officials of the Police Department alleging misuse of this vehicle by the Commendant. This was enquired into but no irrigularity could be detected.
- (d)—This is not substantiated by available facts. During the tenure of Shri Sharma only 6 boys of his community were recruited as Constables and they were not from his native place.
- (e)—There is no Co-operative Store in 3rd A. P. Battalion Co-operative Thrift Society. This Society is in existence since 1965 and detailed rules and a thorough accounting procedure have been laid down to ensure proper functioning of the Society. This is a registered Co-operative Society and subject to audit from time to time. Up-til now no instance of financial irregularity has been detected by audit.
- (f)—Government are not aware of money being spent for carrying building materials for private construction. In fact the 3rd Assam Police Battalion had to be transferred to Dergaon from Tura suddenly for posting in Assam-Nagaland Border to check encroachment, As no built up accommodation was provided for the personnel either at Dergaon or at the Border where the Force was deployed, it was necessary to construct basha

type accommodation on 'Shramdan' basis by the Constables themselves by collecting materials fron jungles. Battalion vehicles were used only for carrying the building materials from the jungles to the sites of construction. This in fact saved Government a considerable expenditure.

- (g)-No such instance has come to the notice of Government.
- (h)—On enquiry it has been found that this information is not correct.
- (i)—Government are not aware of such dis-satisfaction. In the interest of efficiency and disipline the Commandant has often to take strict measures and that may cause some dis-satisfaction to some delinquents but Government have no knowledge of large scale dis-satisfaction.

- (a) What is the criteria for recognition of M V. Classes of Middle Vernacular Schools viz., classes IV, V and VI for which a huge amount is annually spent by the State Elementary Board?
- [b] Whether Government is aware that in a large number of M. V. Schools the number of students in M. V. Classes does not justify the cost?
- [c] Whether Government propose to fix forthwith the following norm for enrolment in M. V. Classes of Middle Schools, [i] Class IV—25, [ii] Class V—20, Class VI—15 and a total number of 60 (sixty) at the minimum to justify the cost for M. V. Classes of a school?

0

- Shri Syed Ahmed Ali (Minister of State for Education replied 236 (a)—The following principles are followed for recognition and taking over of M. V. Schools:—
- (1) Special consideration is given for schools for linguistic minorities groups and other backward areas;
- (2) In taking over of Venture Schools, Advisory Committee is consulted. In case, where there is no Advisory Committee, selection of schools is made in consultation with the Inspecting staff of the Circle.
- (3) Only cases of those Venture Schools are considered where there is no M. E. or High Schools in the vicinity.

- * 239. Will the Minister-in-charge, Town and Country Planning be pleased to State—
- (a) Whether it is a fact that Government has not sanction any amount as Development grant for the years 1967-68 and 1968-69 for Sibsagar Town?

- (d) Whether Government is also aware that the meagre development grant that has been sanctioned to the Sibsagar Municipal Board from time to time has been properly utilised and utilisation certificates were submitted from time to time?

0

Shri Bimala Prasad Chaliha (Chief Minister-in-charge of Town and Country Planning) replied:

- 239. (a)—No. During the year 1967-68 a sum of Rs.10.000 was sanctioned to the Sibsagar Municipality. But later this amount had to be refunded since the Municipality had failed to submit the Utilisation and completion certificates for the grant sanctioned during the year 1966-67. Due to the same reason no grant could also be sanctioned to the Sibsagar Municipality during the year 1968-69.
- (b)—Though the Sibsagar Municipality had submitted different schemes to the tune of Rs. 1,36,310.00 as grant under Urban Development Scheme during the year 1968-69, but schemes could not be considered for sanction since the Municipality had failed to submit the Utilisation and Completion Certificates for grant of Rs. 10,600 sanctioued during the year 1966-67.
- (c)—Government is aware that Sibsagar is fast developing, but the population figure cannot be confirmed without conducting any Socio Economic Survey of the Town. This can be done only at time of preparation of Master Plan for the Town.
- (d)—Except for the grant of Rs. 10.600 sanctioned during the year 1966-67, the grants sanctioned to the Sibsagar Municipality under Urban Development Scheme from time to time were properly utilised and utilisation certificates submitted.

Shri Rothindra Nath Sen asked:

- 1. Will the Minister -in-charge, Health be pleased to state-
- (a) Whether it is a fact that Shri A. K. Purkayastha Ex-Sanitary
 Inspector Katigara Dev. Block, applied for extension or reemployment of his service on 27th December, 1966 with medical certificate from the Civil Surgeon Cachar?
- (b) If so, on what date the Government communicated its decision to him and on what date he received the said order of the Government through B. D. O., Katigara Development Block?
- (c) Whether it is a fact that as per transfer order of D.H.S.
 the said Sanitary Inspector joined at Nongstoin Development
 Block on 22nd July, 1967 forenoon?
 - (d) Whether he took casual leave from B.D.O. Nongstoin and on 2nd August, 1967 Submitted leave petition for 4 months leave, and if so, what is the fact of that leave petition?
 - (e) Whether it is a fact that said Purkayastha also applied for leave on 17th February, 1966. 24th April, 1966, 29th April, 1966 through B.D.O. Katıgara Development Block and also leave preparatory to retirement on 29th April, 1967, 2nd august, 1967, 14th August, 1967 6th May, 1969 and to Minister Health on 10 th May, 1969?
 - (f) If so, why his leave has not been granted as yet and even after his retirement?

Shri Chatrasingh Teron (Minister. Health) replied.

1. (a)—Yes,

- (b) Shri Purkayastha attained the age of 58 years on 16th July, 1967. He applied to Government on 14th August, 1967 for extension of his service beyond 58 years. This was rejected and orders were communicated vide letter No. HL A. 162/67/73, dated 5th September, 1967 addressed to the Director of Health Services who also informed to the B.D.O. Nongstoin accordingly on 16th September, 1967.
- (c)—Yes. He was due to retire on 16th July. 1967, This fact however was not communicated by him to the authorities when he received his order of transfer. He was transferred from Katigara Block to Nongstoin Block on 26th June, 1967. He was released from Katigara Block on 12th July, 1967 and he joined at Nongstoin on 22nd July, 1967. He should have joined within 16th July, 1967, the date of supprannuation. When it was detected that Shri Pnrkayastha had joined after the date of his superannuation, the block Development Officer, Nongstoin, was instructed on 3rd August, 1967 to release him immediately.
- and (e)-Shri Purkayasth took casual leave from the B.D,O] Nongstoin, for 6 days with effect from 24th July, 1967. He did not inform the B.D.O. that he was to retire on 16th July. 1967, although Shri Purkayastha had already applied for extension of service beyond 58 years on 27th December, 1966. The question of granting him leave after did not arise. Leave application dated 17th February, 1966 and reminders dated 14th April, 1966 and 26 th April, 1966. were also received by the D.H'S from the block Development Officer Katigara. He was granted 30 days earned leave as applied for by him. Leave applications dated 2nd August, 1967, 14th August, 1967 and a representation to the Minister Health, dated 10th May, 1969. were also received. In his representation to the Minister, Health dated 10th May, 1969 Shri Purkayastha has prayed for 120 days leave preparatory to retirement from 22nd July 1967, As he had already retired the question of granting him leave did not arise.
- (f)—All leave at the credit of a Government servant lapse on superannuation. Hence the question of granting Shri Purkayastha any leave now does not arise,

Shri Rothindra Nath Sen -

Sir. when this retired gentleman appeared before the Honble Minister with a representation on the 10th May 1969 the Honble Minister was kind enough to assure him that in view of his long tenure of service under this Department his case will be considered sympathetically. May I know Sir from the Honble Minister whether this is a sympathetic consideration when everything has been nullified and when he has been denied of every bit of favour at the fag end of his service?

Shri Chatrasingh - Teron

Sir, unfortunately we cannot make any re-employment beyond the age of 58 years.

date of he executed done the block Development

Shri Dulal Chandra Barua

Sir, as the Honble Minister has quoted some rules and principles on the basis of which Government cannot grant leave benefit to an employee after superannuation, may I know then why he has been transferred and pested some where else even after superannuation? And May I know whose fault is this?

Shri Chatrasing Teron:

Sir, I have already very clearly stated this position. I said it is also the daty of the person concerned to inform the Department that he is due to retire very soon and suggent for staying his transfer order he knew this very well thereby. Unfortunately, probably through oversight, this has escaped his notice, or whatever may be the reason, this gentleman did not point this out to the Department that he will be retiring on that particular date. This was not known to the Department and he had to be transferred because the Katigara Development Block was normalised with effect from 1st April 1967, After that the question of allowing him to stay there did not arise otherwise it would be difficult for him to draw his pay, ete.

Shri Rathindra Nath Sen

When the Honble Min:ster is fortunate enough to have a very big Department behind him and when the Honble Minister has accused this gentleman by saying that since he knew that his service was going to terminate it ought to have been his duty to inform the B-D.O about it but did not, may I know, Sir, from the Honble Minister whether it is also not the duty of his Department to see on which date a person is to retire ?

Onestions & Answers | 16th Amerist 1969

- Shri Chatra sing Teron-Sir, I am not accusing any one; I am not accusing this gentleman who has retired, only I was pointing when this fact was known to the gentleman that he would retire very soon he could have intimated this to the Depart ment and had he done this probably he would not have been put under the difficulties of such a transfer to Nongstoin, I feel that the faults also lies with the Department. It ought to have been known to the Department. As soon the Department detected it immediately the action was taken.
- Shri Dulal Chandra Baruah-Sir so far as my knowledge goes this gentleman applied for extension before his superannuation. But when extension was not granted he ought to have been informed. Then it is whose fault?
- Shri Chatra Sing Teron-Sir, I think in December, 1966 he Submitted representation for extension of his service beyond the age of 58. As I have said already, It is not possible for us to re- employ a man beyond the age of 58. It was as I said, though he was not intimated.
- Shri Rothindra Nath Sen-Will the Minister take it for granted that his blessed Department never care to reply to any letter of their officers and so also in the case of the letters written by the hon. Members of this House?

174 Questions & Answers [16th August 1969

- Shri Chatra Sing Teron—Sir the question of informing the gentleman did not arise because it was known that beyond 58 years of no re-employment is given.
- Shri Dulal Chandra Boruah—Sir, in the same Department your have given extension to the high ups. This gentleman has got the equal right to get extension. Therefore, may I know from the Hon. Minister when he applied for the extension why he was not considered for it?
- Shri Chatra sing Teron—Sir, if it is relevant in this connection I may point it out that no officer in the higher rank, that means in the Directorate has been given extension beyond the age of 58. (voice from the opposition re-employment) It has not been done in case of re-employment also.

"Government have already decided that for I.A.S. officers, the Annual report should be for the period April to March (conforming to the financial year), for all other officers report should be from January to December. Recording Officer should ensure that in cases of I.A.S. officers their remarks reach the reviewing officers by the 30th of April each year who in turn will send them to the accepting officer by the 15th of May following so that the reports reach Government by the end of May. In cases of all other officers, the report should reach the reviewing officer by 30th of January following and they should in turn send them to the accepting officer by the 15th of February so that the reports reach Government latest by the 15th March of the year following the on for which the report has been called".

In view of the other provisions in the Office Memorandum referred above, which make it the responsibility of the recording officers to ensure that entries are regularly made, and that no gaps remain and the Character Rolls are complete and up-to-date in all respect, it is thought that any misuse of power by the authorities concerned can be looked into under the existing provisions.

Re: Enquiry in to allegations against the Secretary, Legislative Assembly.

Rani Manjula Devi—Mr. Speaker, Sir there were certain allegations against the Secretary of the Assembly and an enquiry was to be made in the matter. I would like to know whether this enquiry has been made. I have raised this question in the zero Hour because it has come to my knowledge that some important documents are being destroyed. Therefore I would press for immediate Suspension of the Secretary and early enquiry in this matter.

Mr. Speaker—My attention has been drawn to this and I have already said that to decide the matter I will hold a discussion in my Chamber with the hon, members of this house.

This could not be done so long because I was very busy.

Rani Manjnla Devi—Sir, many important papers are being destroyed.

What about that? I want that immediate action should be taken.

Shri Debeswar Sarmah - One thing, Sir, it is of course a seious (voice; very serious). a very serious matter concerning the House. Sir, without allowing this matter to go to the people outside which will have very bad reflection, I think you should take up the matter personally so that no further discussion needs take place.

Mr. Speaker—A convention is there that such matter cannot be discussed in the house. Therefore, I have decided to hold a discussion in this matter with the leaders of the oppositon and also with the leaders of the house and the Minister for Parliamentary affairs and Shri Sarma. That discussion was fixed on the 11th of this month but as the house was very busy the discussion could not take place. Any way, I will convene the discussion in the later part of the month say on 22nd or 23rd.

Shri Debeswar Sarmah—Sir, may I be permitted to lodge mild protest namely, conventions do not grow overnight and no Secretary of the house was ever charged with such allegation before. Therefore, it is a new case. I very much appreciate your desire to hold a discussion in the matter in your Chamber, But we cannot say that a convention has grown, and I am afraid, this is the second when it is said that there is a convention. Convention takes time. Usage and customs do not grow overnight. Therefore, this matter could be discussed in the

Mr. Speaker: This is the first time that I have heard it. If such things are happening. I will take the utmost steps possible under the circumstances.

Re: Enquiry into allegations against the Secretary, Legislative Assembly.

Shri Gaurishankar Bhattacheryya: In this matter I would like to submit, Sir, that this is no convention. After all, this matter concerne you, Sir. When something concerns your Secretariat, It concerns you by some means or other: It is very unfortunate that the matter is sometimes thought aloud, sometimes talked about and an atmosphere has been created inside the House but outside that there is hush hush affair going on Matters have come out in Newspapers, certain allegations have appeared, certain contradictions have been made in the Press and therefore this matter probably brooks no delay. My submission is that it has been the convention of the house not to discuss the Speaker or his Secretariat on the Floor of this House. It is to my knowledge that such in the convention but at the same time it has also been the convention of the House to tackle such a matter very promptly. Since somebody smelled rat in this particular case, you Sir, as the Speaker should take it up and try to allay all suspicions and therefore, would request you not to delay the matter too far and not allow whispering grow on because that will be a reflection on you, a reflection on this House and reflection on the entire democracy.

Secondly, sir, I saw there were some chairs/ but those were kept reserved for officers. There were a few rows of chairs; but the first row chairs were for the military personnel, the second row chairs were for the officials and the third row chairs were for the Members of this House. I also found Sir. that some of the Members, because they had no sitting arrangement, had to return before the ceremony was over. Sir, I did not like it at all. I think Sir. when sitting arrangements are made the Hon'ble Members of this House should get the front row. I also think, Sir, that there are some kind of instructions from the Government in this respect. Secondly, Sir, the Hon'ble Members who went by their cars were not allowed to park their cars inside but the Police Officers or Military Officers or other high officers who took their cars, were allowed to take their cars inside and park them there. Therefore, to my mind, the democracy is in danger and I would like to know the position in this regard. According to rules any a Nominate afactory

Re; Disrespect Shown to members of the Legislative Assembly at the Independence day Calebration at the Garrison Ground Shillong. There is also another point, Sir. we have not been served with any invitation to attend to the Independence Day ceremony. But when we came to know about it, without being invited, we went there only to be neglected by the officers in the organisation And lastly, Sir, when the function was over and the members were coming out, the cars that entered were also coming out and the police Sepoys then were very active in pushing everybody saying 'hato. hato'. The Sepoys also pushed us and

this way we were insulted, of course, by their pushing I got irritated and gave them counter-push-though not the way as they did. Therefore, Sir, for our future guidance,, I would like to know our position in such cases as I have already said,

Shri Gaurishankar Bhattacherrya Mr. Speaker, if, of course I was not present at the function yesterday so I did not see our sturdy and strong Mr. patwari giving counter Push to the military and police personnel. If I was put in his position, possibly I could not have given counter push to the Military and police personnel But the point that has been raised ic a su so light and simple. The point is that probably in our country also there is an Order of precedence for all public functions and that order should be known to all concerred and should be observed by all concerned. we are to know if actually we are persons non grata in these public functions We should know that we are so. If we have as elected representatives of the people, to be present in such functions, then we should know where we should be and we ought to be. Sir, this is the only instance. I not know of a particular case where a Committee of this House went on duty and this was notified. In circuit House seats were reserved.

As I understand that even the hon member like Shri Sarna was not shown the courtesy, it is very sad and there should be an end to it.

Re: Demonstration by low, paid Government Servants.

Shri Dulas Chandra Barnah: Mr. Speaker. Sir, in addition to that what has been said by two how members, I want to add something, Generally, when there is a public function there should not be any classification. Sitting arrangements should be made only for the ladies and Children. By making classification, we make things more complicated. There should not be such kind of classafication in the function of State Capital as Head of the democracy. It is seen that no courtesy was shown to any of the hon members. I was about to come out and even the vetern leader like Shri Sarma was not shown the due courtesy by the Officers, Who were V. 1. P. s there. They are all military officers, Jamadars and wives of those military officers. I had to rescue the old men from the pushings of the military men. By whole contention is that in public function like this. there should be no classification of sitting arrangement. In making classification in such public function, should would be more classification in the Society. In the function of Independence and Republic Day there should never be any classification. I strongly protest such things. I remember to have pointed the attention of the Chief Minister about the order already. We donot know what is our position, we have

no cadre. When there is order, the precedent, Govt. should issue instructions to all those concerned to behave properly in such public function.

Re: Demonstration by low paid Government servants.

Shri Dulal Chandra Baruah:

No.2. one important point. On 13 th, last an unprecedented demostration was made by the low-paid government Servants. We do not know what steps have been taken by the Govt, to redress their grievances. I want to know from the Chief Minister whether Govt. could arrive to any decisions, what are their legitimate denands or fulfilled any grievances.

In these public functions we remember those people who sacrificed their lives and we feel pride to remember them again since a long decade, we take a matter of pride to attend these ceremonies whether we stand or sit.

Since my name was mentioned, I am one taking about myself my position, From very early time I donot like that my name should be memtioned as I come from Village, noted. people come to the Namghar and claim for Patidhur but instead they get 'soru and they are annoyed of getting soru in place of patidhar. I donot like such things But will the Govt, abolish seats altogether, It is a public function where such feudalistic notion of categoring V. I. P No. 2 and V. I. p's No. 3 or other people. That is perhaps not very helpful towards what we preach namely, there should be classless Society and we all should treat outselves equally on such public

Re: Demonstration by low-paid Government Servants

Shri Bimala Prasad Chaliha (Chief Minister)

Shri Dulal Chandra Barua raised the question about the demonstration by the Government employees. Sir, as you know there are a lot of grievances amongst the Government employees, and with our limited means we have been trying all these years to mitigate their distress as much as possible. The main demand is, of course, about dearness allowance. The finances of the State are in such a position, as the hon'ble Finance Minister has told this House, that we are going to close this year perhaps with a deficit of 54 crores of rupees. Even then we are quite consious of their demand and we would like to consider it sympathetically. As you know, Sir, the Finance commission has recently Submitted its report to the President, and the Govt. of India is likely to take a decision on the report and place it before the Parliament during the current session. Our Idea is that we will consider this question on receipt of the Finance Commission's award.

Shri Giasuddin Ahmed: Mr. Speaker, Sir, through you I would like to draw the attention of the Government to a booklet

I outloned integration. I am sincerely serry about it.

named 'Anti State Activities' by Shri Kali Prasanna Choudhury. This booklet contains many highly inflamatory words. It is full of hatred and malice against a particular minority community, and there are many fictitious stories—all fantastic nonsense—have been narrated here, with the motive of exciting the majority community against the minority community. I would like to quote a small passage in the very introduction it is stated' This booklet is written to lay bare the sabotaging measures in which a sizeable proportion of Indian citizens belonging to a particular community have been emboldened to indulge in so frequently recently.'

- Shri Gaurisankar Bhattacharyya: This matter was raised on the floor of the House by Shri Mussawair Ali Choudhury during the last session and the Chief Minister assured that he would look in to the matter and take appropriate steps.
- Shri Massawir Ali Choudhury: The Hon'ble Chief Minister was please to assure me that he took drastic steps, but I am surprised that nothing has been done as yet.
- Shri Phani Bora: Even if this question was raised this booklet has not been beclared illegal This booklet which contains inflamatory and malacious propaganda against the minority community has not been dealt with uptill now and it is going on in the market, and this has been utilised by communal elements in order to create communal tension in the country.
- M. Moinul Haque Choudhury: Mr. Speaker, Sir, Shri Mussawir Ali Choudhury: raised this question in the House and the Chief Minister. It is a matter of great regret that since then many months have passed but norhing has done by this Government to protect the rights and interest of the minority, and more than that the communal amity particularly in the background of national integration. I am sincerely sorry about it.

Mr. Speaker, Sir, if this particular book which is referred to today is the same book which was referred sometime back in the House on which I gave an assurance to the House that I would look into the matter, I would like to inform the House that this was examined. So far as I remember, I am ofcourse speaking from memory, the Government was advised that there are not materials to proscribe this book. I am, of course, talking from memory. The book about which I gave assurance that was examined by our Law Department, and the Government was advised that a case is not made out to proscribe this book.

Ruling by the Speaker Adjournment motion—Goalpara Bundh on 12th August 1969.

have become very comman. So for every brings if the Mouse

Shri Hiralal Patwary: With your permission I like to say something, Sir. I have received a telegram......

Mr. Speaker: No, no we have more than one hour for zero Hour. Now, on 13. 8. 69 Shri Lakshyadhar Choudhury moved an adjournment motion to discuss the situation of Goalpara Bundh on 12. 8. 69 by the Goalpara Gana Parishad and submitted that the motion fulfilled all requirements under the rules and the motion should be admitted. As regards admissibility of the motion Shri Dulal Chandra Barua submitted that the matter is a definite one and is of great public importance and as the House is in session so the matter should be discussed and that the motion has fulfilled all conditions under the Rules.

Shri Phani Borah also submitted that the matter is one of great public importance and if the grievances of the Goalpara people as embodied in the memorandum of the Gana Parishad are not attended to in time then there will be not only one bundh but several bundhs and grave consequences will follow.

Moreover the motion has fulfilled all the conditions under the rules. Shri Atul Chandra Goswami also participated in the discussion and submitted that the motion has fulfilled all requirements and so it should be admitted.

M. M. Choudhury, Minister for Parlimentary Affairs opposing the motion stated, inter alia, that the demands submitted by the Gana Parishad in the last Budget Session of the Assembly were considered by Government and if there was anv lapse on the part of the Government in their implementation then the representatives of the Gana Parishad could have brought such a motion to discuss all these matters, that such bundhs have become very common. So for every bundh if the House is to be adjourned then the functioning of the House would be very difficult, and that the subject matter is a continuous one, and that on these grounds the motion cannot be admitted.

I have carefully considered the points advanced by the Hon'ble Members for and against the admissibility of the motion. In a democratic country, people have a right to agitate for the fulfilment of their demands and ventilate their grievances and for that purpose demostrations, bandh etc., will naturally be very common. These are the various ways to discuss these matters in the floor of the House and adjourment motion is one of them by which the Hon'ble Members can raise discussions on a matter of urgent public importance. We must also remember that the business of the House which is fixed by the Business Advisory Committee should not be disturbed except under very pressing circumstances. The matter may be important but it cannot be all important for the entire House to go out of the

normal order of the day and take up another subject. The matter most also the one of recent occurrence, the test of which is the occurrence of some sudden emergency either in home or foreign affairs, "something very grave, something which affects the whole country, its safety, its interest all that is happening and the House must pay its attention immediately to that. The urgency must be of such a character that the matter really brooks no delay and should be discussed by suspending all business of the House."

The present adjorment motion seeks to discuss a situation arising out of the Goalpara Bandh. The agitation of the Goalpara Gana Parishad for fulfilment of certain demands of the people.

Preliminary Report of the Land Settlement Implementation Advisory Committee

Gana Parishad for fulfilment of certain demands of the people of Goalpara is going on for some time past. The Goalpara Bundh is in continuation of that agitation and has not arisen suddenly and created an emergent situation of such a character that the House must therefore leave aside all other business of the House and discuss the matter.

So I think that the motion does not fulfil the crucial test stated above and so I am constrained to disallow the motion.

Shri Phoni Bora—Sir, you have given your ruling. It is alright. In your wisdom you thought that the House should not be adjourned and to discuss the Goalpara incident. May I submit that the people of Goalpara all along having a feeling that their cases are always neglected. If all these people of Goalpara feel even in this occasion that the House is also neglecting their case, therefore I cannot associate myself with that feeling. So we protest and walk out.

ation Advisory Committee,

(Opposition Members walk out).

Shri Gauri Sankar Bhattacharyya: — সেইটো হলে কোনো

M Moinul Haque Choudhury-Mr. Speaker, Sir: This Bill is a very important and a pressing one. As you know, Sir. separation of Judiciary in Assam had taken place by virtue of certain notifications/and or orders. But notification can not take the place of law nor can change the law. The result is today there is uncertainty and confusion in the legal system in Assam and there is no doubt about the fact that some of the matters which are going on in some of the law courts are illegal If as a result of challenge by anybody, it is declared as ultra-vires, not only very great inconvenience will be caused to the litigant public but also to the Govt. and the public at large. In a similar circumstances because of Supreme Court declaring a particular judgement of Uttar Pradesh as illegal and without jurisdiction the Constitution of India had to be changed to fit in the Judicial system of Uttar Pradesh. Therefore, I for one, felt and in fact I told more than once the Chief Minister 266

Questions & Answers [16th August 1969

the need and the urgency of bringing such a Bill as soon as possible before the House. The Bill has come. It merely seeks to ratify what is going on today by some kind of arrangement between the High Court and the Govt. of Assam and which were the results of some kind of orders passed and notifications issued either by the High Court or the Government of Assam. In Handan Turk 1 17/2

I would, therefore, urge upon the House to consider this Bill and pass it at the earliest and not to delay it because I know personally that there are several cases pending before the High Court of Assam and some cases pending before the Supreme Court of India questioning the legality of the proceedings before the various magistrates. You may call them 'judicial magistrates' by a notification, but in the Criminal Procedure Code there is no place for a 'judicial magistrate'. you may call a 'judicial' magistrate' a first-class magistrate but unless and until power is conferred upon him under the Criminal procedure code he is not armed with that power. Therefore, questions have arisen whether commitment proceedings were correct, convictions were correct and legal. Already there is a situation fraught with grave danger. Hence, there is need for urgency in this matter. I, in that circumstance, do not welcome sending this Bill to a select committee, far less to speak of the select committee pondering over it till November and probably passing this Bill next year. That would be too much delaying the matter and putting a section of the people of Assam in difficulty. Think of a poor man who after spending a lot of money, has won ajudgement in his favour. But if because of the latches either of the Government or of this Assembly, for the magistrate who had dealt with the case or the Assistant sessions judge who had delivered the judgement, as the case may be, is without juris. diction over the matter and so the judgement in his favour is set aside, how much loss he suffers. And that is a loss to him and loss to every body. Therefore, there is need for urgency.

So far as the point of order is concerned-I mean there is a lot of force in it. But then I would only point out to my friend one thing. This Act seeks really to change the criminal procedure code, and Govt. has given the relevant extracts of the criminal procedure code. They should have given the copies of the other relevant Acts as well. So far as other Acts are concerned, we have the word 'magtstrate' occurring in those Acts in some place or other. So, wherever the word 'Magistrate' is there, the word should be read as 'judicial 'magistrate'. This bundle given to us now has no meaning-what is to be read in this bundle. Wherever in these Acts supplied and in the other Acts i.g. Transfer of property Act, Municipal Act, Local self Government Act, Panchayat Act, etc., we have the word magistrate instead of reading it as magistrate, the same should be read as 'judicial' magistrate. This is all that. The rest of the Acts have not been supplied. Therefore, this is not such an insurmountable difficulty for this house that we should postpone this matter. I agree, there has been a lot of latches on the part of the Government on this matter. There has been delay. They should have come forward long bafore, The Law Department should have been more business like in this matter. But they have not been and for that reason the litigant public of Assam, and as a matter of fact, the public of Assam cannot be punished So, I plead with the House, and from my personal knowledge being in the know of things, that we should deal with this matter very urgently. In this Bill whatever is going on in Assam for the last two years that has been embodied. There is nothing new in it. we all know, there has been separation: there is a judicial magistrate. The judicial magistrate now deals with the cases. The only change in this Bill, I find, in respect of the name of the A.D.M. (Judicial); they have now named him as the Chief Judicial Magistrate. That

to mow. Each one of them is not marked in the the High

is the only change in the present system. But what is going on till today is, I shall say, illegal and if this Bill is passed that may make things legal. It would save the Exchequer from crores of rupeess in case we go away with the danger of everything being declared as ultra-vires, as illegal and worng. And in this background I would appeal to the House to consider this matter. I also appeal to Mr. Debeswar Sarmah who had circulated the motion for referring the Bill to the Select Committee and who had been kind enough to include my name in the Select Committee to consider the matters in this light. In the same spirit I would request the Hon. Members of the opposition to reconsider their view-points and objection in this matter.

tour August 1969 Questions & Answers

Shri Gaurisankar Bhattacharyya - Sir, Mr. Haque Choudhury has raised certain very interesting points. I don't think that I should go to discuss these points at this stage because at this stage only the point of order has been raised. That point of order is very simple that by this Bill the provisions of as many as 80 Existing legislations are sought to be amended. Out of these 80 laws. 80 acts, the provisions of which are sought to be amended, the relevant portions of only one have been circulated amongst the Members and the relevant portions of as many as 79 Acts our of 80 have not been circulated. Secondly, not only this have not been circulated but they have not also been placed on the Library Table of this House upto 16 minutes passed 12 today. The bundle has been placed just now. This Table, we know, is the Library Table of the House. So here it has come only just now.

What Mr. Haque Choudhury has said may be perfectly correct. Or inspite of his wisdom there may be some omissions also. we don't know, at least at last Members are not expected to know. Each one of them is not practising law in the High

3778

Questions & Answers 16th August 1969 269 Court, or in the Lower Courts. Therefore, if they are to give their stamp to a legislation they should also know what they are passing. May be, as Mr. Haque Choudhury has said, there is nothing much in it because only the word "Magistrate" has been changed to that of "Judicial Magistrate" why then so many years have been taken by Government for bringing in this Bill. why so many pendulums have moved. Why did Government made a bill that was not liked by the High Court. Why then there is a Joint Committee consisting of the Advocate General of Assam, an officer of the rank of Chief Secretary who for some time officiated as Chief Secretary, one Advocate of the High Court, the Chief Justice of the High Court, why have they to sit in a conference, why have they to go behind the screen to come to any understanding, why so many lobbyings and canvassings. Therefore things are not so simple. When the matter comes in for discussion, I shall show that they are not as simple as that but that things are a little extraordinary. However, I am not going to that Just at this moment. The point is the High Court is there and the Supreme Court is there t interpret our will. The will is of the Legislature. The High Court cannot impose its will on the Legislature however high it might be. The will must be of the Legislature. I may be practising law in the High Court but inspite of that when I stand here, I stand here as a legislator not caring what will be the frown or the smile on me from the High Court because of my performance here. I must be true to my electorates. I must perform my duty as a legislator and I for one do not give a stamp to the legislation the provisions of which have not been placed before me. That has been the point which has been raised by Mr. Huda. It is the Government which has delayed the matter, not we. It is the Government which,

even when leave was granted without any objection, and the Bill was introduced, inspite of that those provisions were not placed before us by Government. Therefore, I think, Sir, one of the points raised by Shri Huda is a partinent point and, as I said, that may be ofcourse somehow or other compromised If the matter is thrashed out in the Select Committee if members like Mr. Huda is there. Ofcourse I do agree with Mr. Haque Choudhury that if it is possible the work should be completed even in a shorter time than the targeted date of 30th November. I welcome it But at any rate I for one cannot agree to hurry through such legislation. Today is the last day of the session and today the Bill cannot be hurried through. We shall not be willing to be a party to this sort of harried legislation. If Heavens have not fallen down since 1964 because this separation by an Executive Order has been done since 1964, if Heavens have not fallen down within so many years, the Heavens will not fall down atleast within the next 3 months. I would say with all my respect to Mr. Haque Choudhury that things may differ.

As a matter of fact I have with me ... Mr. Speaker-Mr. Bhattacharyya, are you taking some more time?

Shri Gaurisankar Bhattacharyya - Yes, Sir.

The House adjourned for lunch till 2 p m.

(AFTER LUNCH)

Shri Gaurisankar Bhattacharyya Mr. Speaker, Sir I was supporting the point of order raised by my friend Shri Huda and Incidentally I submitted that in spite of great respect for a very actively practising lawyer Shri Haque Chaudhury, I cannot just agree with some of his contentions. For example, he said that there will be a chaoes in the judicial field as so many cases are there pending -writ petitions and if an when declared

ultra vires then there will be great difficulties (voice
Assamese) ... in Assamese... Sir. as a matter of fact in this connection I beg to submit that what Mr. Haque Chaudhury has said may be that this is a valuable submission, that may not be a submission. For example, the Government of India in the Ministries of Law and Home did not hold the same opinion that Shri Haque Chaudhury does. (voice from the Treasury Bench: what is that point?) On the point of the fact that there may not be at least partial separation of the Judicial and Executive Functions, but Executive Orders.

Shri Bimala Prasad Chaliha: what about the Supreme Court? Shri Gaurisankar Bhattacharyya—I am coming to this. I have placed the Supreme Court orders Sir, in May, 1967 there was a conference at Delhi. That may be called rather and that seminar was presided over by our ex-Chief Justice Mr. Wanchoe and that seminar was attended by the representatives of the Government of India in the Ministries of Law and Home and also by the representatives of the State Governments. There in that seminar it was decided that there should be a uniform legislature for the whole of India with regard to the separation of Judicial and Executive functions otherwise if different States have different legislation then anomalies may arise. For example, the west Bengal legislation is different from the legislation of Bombay. I have this case before me and the Government of India has itself passed such a legislation of the Union Territories and that also I have with me, That Union Territories separation of Judicial and Execurive Function acts Act, 1969 has only recently been passed. So the Government thought of there should be uniformity in the matter and till then if necessary, three things are to be done that may be done by executive decision, executive orders and those uniformity should come within the period of three years. So the Government of India thought at least, and also where the ex-Chief

Justice Mr. Wanchoo participated, that by executive orders, for the time being things cannot be done. I think that opinion also cannot be brushed aside as no opinion or people having no knowledge of law. In this connection may I refer to a letter written by the Home Ministry of the Government of India to our Chief Minister. It was written by the Home Minister Shri Y.B. Chavan to our Chief Minister. Number of that letter is 19/41/67 J. II, dated 26.5.67 on this point. Here, along with that letter he enclosed a copy of the notes which was prepared in the Home Ministry sometime ago on the subject of separation of Judicial and Executive Functions and therein in the letter inter alia he worte" as you may be aware, the judicial was separated from the Executive in Andhra Pradesh. Guirat, Kerela, Madras, Maharastra and Mysore more than 10 years ago. Separation was also brought about in the Punjab in 1964. In the circumstances it is not quite easy for people to understand why it should not be possible to carry out the same reform in the other parts of the country The subject is referred to from time to time in parliament and in other public forums and in the conference of the chief Justices. One of the resolutions adopted at the chief Justices. conference in March, 1965 called for complete separation of judicial from the executive in all the states and for enactment of law on the subject based on the model of Bomby separation of Judicial and Executive Function Act, 1951. I emphasise this because col ference of the chief Justices wanted that the legislation on the pattern of Bombay Act and as a matter of fact the original draft which was made by our Govt. was on that pattern. But Subsequently that pattern has been changed and the present bill has been drafted on the line of west Bengal. It was done in west Bengal when there was no representative Government. At that time the Governor had passed an ordinance.

The Assam Separation of Judicial and Executive Functions Bill, 1969 The present Bill which is before us is by & large why by & large except reference to the Chief Presidency Magistrate, word for word-it is a copy of the west Bengal Ordinance, which is before me. Now, Sir, one of the resolutions adopted at the Chief Justices' Conference was that it should be on the model of the Bombay Act. Partial segaration of judiciary from the executive has no doubt been brought about in Assam, Bihar, Madhya Pradesh, Orissa. Rajasthan and Uttar Pradesh, but the schemes in force in these States fall short of the four criteria listed in the enclosed note and except in Bihar the schemes are not enforced all through the State. Here in Assam, it is not enforced in some parts for example, the hill areas. "Suggestions have been made to us from time to time that in view of the delay which has occured in some States in complying with Article 50 of the Constitution, we should promote legislation in Parliament to separate the Judiciary from the executive we have so far refrained from action in that direction but have been urging that the State Governments bring about the separation. It has become increasingly difficult to justify the delay in achieving separation of the judiciary from the executive all over the country. It seems to me necessary to complete the reform quickly in order not only to comply with the requirements of the Constitution but also to provide much needed, relief for the executive, which is facing increasing respon sibilities. I hope you will give urgent and personal attention to the question and take appropriate action to bring about complete and early separation of the judiciary from the executive in your State."

This was written as early as May 1967 by the Home Minister to our Chief Minister. Two years have passed but our Government did not act promptly in the matter and at the

approjuted to the indicial survice subject to such

fag end of the Session they have brought this Bill. Up till now, our Government have been conducting partial separation on the basis of an adhoc arrangement made between the executive and the judiciary and this adhoc arrangement was displayed in the High Court as an annexure in the famous pratul Sarma's case on behalf of the magistracy in Assam, there was a case and in that case the Government themselves submitted an affidavit. In that Government affidavit the minutes of that adhoc committee's meeting were submitted as annexure F. I am reading from that Annexure F.

"Minutes of the discussions held at the Finance Minister's (Mr. Fakhruddin Ali Ahmed was the Finance Minister then) residence on 23rd August 1963 with Hon'ble Shri Justice Dutta on the scheme for separation of the Judiciary from the Executive.

Present: Hon'ble Shri Justice Dutta.

Shri F.A, Ahmed, Finance Minister.

Shri A.N. Kidwai, Chief Secretary.

Shri Rana K.D.N. Singh, Secretary, Finance.

Shri B. Sarma, Secretary, Law.

The Hon'ble Shri Justice Dutta informed that the High Court has accepted the scheme prepared by Government in toto. But the High Court felt that the judicial service as envisaged by the Government in the scheme need not be created immediately. It would be enough if a certain number of magistrates are earmarked for purely judicial work and they are controlled by the High Court. For this purpose, the Governor may issue a Notification under Article 237 of the Constitution of India directing that the provisions of Chapter VI of Part VI of the Constitution and rules made thereunder shall apply in relation of any class or classes of Magistrates in the State as theyapplied in relation to porsons appointed to the judicial service subject to such

exceptions and modifications as may be necessary.

The Hon'ble Shri Justice Dutta further explained that the 2. State Government should send a panel of names of suitable officers, preferably with Law Degree, from whom the High Court. will select the A.D.M. (Judicial). Addl, S.D.M, (Judicial) and Judicial Magistrates for the kamrup and Goalpara Districts where the scheme would be introduced during the current financial year. No option need be given to these officers as they will continue to remain in A.C.S, Class I and will taken to the Judicial service. The question of their option will arise only when the integrated judicial service as envisaged by Government would be created, The power of transfer, posting and administrative control over those officers would vest with the High Court, but in all disciplinary matters, Government would pass orders in consultation with the High Court, and the latest to to louison added to the louison and the louison

The Chief Secretary pointed out that the suggestion made by the Hon'ble Shri Instice Dutta would only mean earmarking of certain Magistrates for purely judicial work and that the question of constituting an integrated judicial service as envisaged in the scheme would be postponed to a future date, However, the Law Minister and the others agreed that the scheme should be implemented with the modifications suggested by the High Court. It was decided to inaugurate the seheme on 25th January 1964",

So on the basis of this understanding between the High Court and the Executive Government the scheme of partial separation of Judiciary from the Executive was first launched on the 25th Junuary 1964 and, to start with, it was launched in the two districts of kamrup and Goalpara and then the soheme has been extended from district to district. Then Sir, it is a fact that there is a great deal of criticism in the country urging complete separation of Judiciary from the executive, I

myself have been urging it on the floor of this House many a time because of this was absolutely necessary under Article 50 of the Constitution of India, This Article 50 was also referred in the Union Home Minister's letter to our Chief Minister. These are the four main principles which the Home Minister referred in his letter

- executive and judicial functions, the latter being clearly allocated to judicial officers leaving the executive officers with administration and police function only, as for example, issue of firearms licences, the handling unlawful assemblies, etc. as opposed to recording and shifting of evidence:
- (ii) a cadre of Judicial Magistrates should be organised separately from the cadre of Executive Magistrates:
- (iii) administrative control over Judicial Magistrates should be vested in the High Courts concerned; and
- (iv) The power of taking cognizance of offences under the Criminal Procedure Code should be vested in Judicial Magistrates."

Sir, I do not goto read the whole of the enclosure to Union Home Minister's letter: but these are the four points on which the Home Minister drew the Pointed attention of our Chief Minister for early action.

Now, in that context, the Government has, though belatedly, brought this bill, naturally the consequences of the provisions of the different legislations that are sought to be amended, are to be examined by us. May be that they are only formal but at least we should know that they are formal. Our point of or ler which was raised by Shri Huda is that we are being deprived of the opportunity of seeing whether these are formal or material, whether these are oral or verbal—that was the point of order.

Now, again, there is another thing, with regard to the dragging up or bringing in Judiciary in the matter of this Bill before

Questions & Answers [16th August 1969 277

278 Questions & Angwes | 16th August 1969

it is enacted. Now, regarding it is, well. I have got a Constitutional point to Submit. Generally, in the matters of legi slation—preparation of legislations—rarely Advisory jurisdiction is given to a court. If any advice is to be taken by the Government, the proper forum from which the Government should seek views should be the Advocate General or the Legal Remembrancer and not the Honble Chlef Justices or the High Courts as such. Our Government has committed a grave blunder I should say by dragging in the High court in the matter at this stage and in this connection I may refer to the scheme followed in America and Australia.

The American Supreme Court has categorically denied as also the Australian Supreme Court this Advisory Jurisdiction of a court in the matter of preparation of legislation. Under Section 60 of the Canadian Constitution, the Governor General may require the Supreme Court to advise him on important questions of law referred to. But such advice can be given only after hearing of the consideration Stage and for giving that advice also the Court would give an open hearing and the courts should consider all aspects of all submission made. In our case, if the Government has made certain references or consultations all this things have been done in camera and may be in the residence of the Finance Minister which is not the practice in the civilised world but such advice can be given only after hearing of the consideration stage.

In a case of 1932, appeal case, at page 54, in India it is only the Supreme Court and not a High Court which has been given the jurisdiction of consultation or with regard to any point of law before it goes for adjudication. The Constitution has given the power only to the Supreme Court and no reference can be made to the High Court as such. This is as per

Article 143 of the constitution. If at any time it appears to the president that a question of law or fact has arisen or is likely to arise, which is of such a nature and of such public importance that it is expedient to obtain the opinion of the Supreme Court upon it, he may refer the question to that court for consideration and the court may after such hearing as it thinks fit, report to the president its opinion thereon.

The president may notwithstanding anything in the proviso to article 131, refer a dispute of the kind mentioned in the said proviso to the Supreme Court for opinion and the Supreme Court shall, after such hearing as it thinks fit, report to the President its opnion thereon.

Therefore, Sir, my humble submission is with regard to bringing the High Court in to this matter at this stage As a matter of fact, this ought not have been done because in the Constitution it self only the Supreme Court and not the High Court which has been given this jurisdiction of being consulted at this stage. Again Sir, it is only when a matter is of such nature and of public importance that it is expedient to obtain the opinion of the Supreme Court that a matter may be referred to the Supreme Court and it is only the President who can do it. I do not know, in this case, who did it, Whether the chief Secretary has been given any such authority by any law. In my most humble submission, no such authority has been given to the Chief Secretary. Even then the President cannot compel the Supreme Court to give the advice which is at the discretion of the Supreme Court as mentioned in the Rule 36 of the Supreme Court Rules, 1950. High Court has no snch Rule. First of all, there is no such Constitutional Provision to my knowledge. Secondly, there is existing law, to my knowledge; thirdly, there is also no rule laid down

Court because that the congional that the bringing though

Onestions & Answers | 16th America 1969

by the High Court for this kind of consultation and procedure to be adopted,

Now, Sir, thatbeing so, we need not at this stage presume, or make any presumption as to what might be the atitude of the High Court. For example, Sir, how a very humble and none too busy practising Lawyer, like myself, how can I say that the High Court will pass an order declaring certain things as ultra vires. Do I know the mind of the Chief Justic or the High Court ? How can I presume ? And why should I presume this. It is an exalted body and that is not in any way subordinated to our likes or dislikes. Therefore, in view of the fact that the mutter is not before the High Court and cannot be in law and according to the constitution in the High court, I, for one, cannot make any presumption. May be eertain judgement has been given under certain circumstances by the High Court and may be the Supreme Court may upgrade this or set aside-we donot know-but with regard to our High Court we cannot make any presumption. Now, Sir, as I said, in the Supreme Court the rules are that there should be a hearing and the Attorney General has to be given notice of the hearing and also such parties who desire to be heard or whom the Court likes to hear and that the procedure of the original jurisdiction that such variations as the Court may make has to be followed.

Here, in our High Court, there is no such original jurisdiction in this matter. It is only after a hearing that the opinion of the Court has been transmitted. We want to know from the Government whether any such hearing was heard here and whether any such opinion was at all transmitted in accordance with the law: Now, in this connection I may mention that the Court has been very reluctant to entertain such reference, I mean the Supreme

Court, because that the opinions have no binding force. They are freely quoted by inferior Courts Such Advisory function has been to the High Court by the Constitution because it converts the Court into a transmitting position.

If the High Court has become a Party and if somebody call in the High Court challenging the validity of law of the legislation that very High Court have to see their findings. Therefore this change of Constitution and correspondence not to speak of associating the High Court in the drafting itself. That is animpropriety on the part of the Govt.

Now, Sir, if the High Court gave an open Bill and any of these provisions have been imposed on them, the Court is put in extremely embarrasing position. It will be injustice on the part of the Government to impose such provisions and represent our case. Therefore, I think, we should not drag the judiciary. Hence we are just to ignore completely the fact the High Court was called in the matter of drafting this Bill. Therefore, we are already in a very peculiar position and we have dragged to compromise, Let us not drag the High Court, and to say, it is this or that. Let us shut our eyes who are these learned Judges of High Court and close our ears what might be waiting. Let us humbly Legislature and do our part of our things and explain the interpretation what was there. Many legislations have been passed by the House of commons, we are no lords, we are common people. I agree with Shri Shamsul Huda that we should know the things that we are doing or might be very simple for an eminent Lawyer Shri M. H. Choudhury, I call him with all apology.

There is another aspect with regard to the extend. It has been said in the Bill that it will extend to the whole of Assam. we are to see actually how these different Acts functions. All these Acts extend to the whole of Assam. What will be the

reference. I mean the Supreme

state of affairs when the 'Maghalaya' will come into effect. What will be the position of the Magistrates there, that also needs constitution. The point raised by Shri Shamsul Huda that all these 80 Acts and all these Acts were passed upto only 1964. But some legislation have been passed even after the year 1964. I cannot give a List of all these. Many laws have been passed since 1964 but there is no reference to that passed either by the Central Govt. or by the State. If we passed legislation after these years, that is from 1964 to 1969 there should have been raference here. Now, if we pass legislation in 1969-70 and if we leave all these old Bills passed during 1964-69, will that not be a great vaccum. Therefore, I want to tell the Minister-in-charge that those previous legislation passed during this period should have raference here but I do not see a single reference has been made here of those enactments. Therefore, the very Bill is incomplete, there is no raference. Shri Abdul Matlib Mazumder (Minister): Sir, referance has been made about the legislation passed after the year 1964.

Shri Gaurisankar Bhattacheryya: Sir, but I donot see any reference about this. If anything is there, I shall be much obliged. In the book circulated to us, there is no mention about it. I agree with the law Minister that some legislation have been passed even by this House but all there legislation have not been mentioned in this Blll. Therefore, point of order raised by my friend Shri Shamsul Huda that the Bill is incomplete is perfectly valid.

The Assam Separation of Judicial and Executive functions Bill 1969

Shri Abdul Matlib Mazumdar (Minister Law: Mr. Speaker, Sir, I have taken my stand to speak about the point of order and also to speak about the points raised by my friend Shri Bhattacharjee having in my mind that I have already received the notice of

amendment. I am sorry that the Acts referred to in the Bill could not be supplied to the Hon'ble members earlier. I know, without the co-operation of the Hon'ble members, we cannot carry on. The acts are required only to insert 'Judicial' before the word 'magistrate' So, my submission is that it cannot be said that without this acts we can not carry on

Then, Sir regarding what Shri Moinul Haque Choudhury has said; ofcourse, I am prepared (to share the blame but not the whole blame altogether. In the year 1964 when the executive order was passed by this Govt, my friend Choudhury was there in the Cabinet.

I feel that the separation of the Judiciary from the Executive as is called for by the Constitution under Act. 50 ought to have been brought about much earlier, but the mistake is already there, if it is a mistake. Sir, we have come so far and the consideration of the bill is before the the present moment when my attention is drawn to a notice amendment. Having heard the arguments advanced by Shri Bhattachariee and considering that a notice of amendment is before my eyes I should think twice before hurrying this important bill through the legislature.

Shri Sarma has proposed for sending it to a Select Committee. Sir, I think it will be going against the very purpose of the bill if it is not referred to the selest Committee. I have heard Shri Bhattacharjee and I admit that much delay has already been made but at the same time such an important things should not be done so hurriedly for which posterity can blame us. With these observations I am waiting for the amendment.

দ্বিতীয় কথা হৈছে যে আমাৰ Grant ৰ ফালৰ পৰা ৮০ খন আইনৰ Amendment कृषि Separatoin of executive Judiciary कृषिव বিচাৰে কিন্তু এই যে ৮০ খন আইনৰ বিশেষ ক্ষেত্ৰত Judiciary ৰ ভলত কি আহিব আৰু Executiveৰ তলত কি আহিবসেই বিষয়ে মানিবলৈ আমাৰ কি উপায় আছে। গতিকে উপাধ্যক্ষ মহোদয়, এই Annexure ভূলবশত: দিয়া নহব পাৰে, সেই কাৰণে আমি আইন নজনা সদস্য সকলে এই কথাটো মানি লব নোৱাৰো। গতিকে উপাধ্যক্ষ মহোদয় আমি এই বিষয়ে আপোনাৰ Ruling বিচাৰো এই বিলৰ যুক্তি যুক্ততা সম্পর্কে যি সকলে আইন নামানে তাত আমি আমাৰ মতামত দিৰ পৰা নাই। কোনটো যুক্ত উচিত আৰু কোনটো অনুচিত সেই বিষয়ে আমি কব নোৱারে। কেৱল মাত্র ৪।৫ জন মান সদস্যৰ ইচ্ছামতে আৰু ভোটৰ জোৰতে এই আইন খন পাচ কৰা উচিত নহব; কাৰণ এই বিলখন বিশেষ ভাবে অসম্পূর্ণ হৈ আছে যেন অনুমান হয়। এই ধৰণৰ বিল ইয়াত ডাঙি ধৰা উচিত নহব ৷ সমস্ত Annexure বিলাক দি হে এই বিলখন ভৈয়াৰ ক'ৰব লাগিছিল। ইয়াত অকল কোৱা হৈছে যে Magistrateৰ ঠাইত Judicial Magistrate বুলি ধৰিব লাগে; আৰু আমাক এই আইনখন পাচ কৰিবলৈ কৈছে কিন্তু আমি এই বিলখন পাছ কৰিব নোৱাৰো কাৰণ ইয়াত জনসাখাৰণৰ স্বাৰ্থ জড়ীত আছে। আচল বস্তু পেলাই ৰাখি সদনৰ আগত পাচ কৰা উচিত নহব।

অধ্যক্ষ মহোদয় ধৰিলওক এখত আন্ত[']জাভিক মেলাহলে মেলাত যদি বস্তু গ্ৰহণ কৰিব লগীয়া হয় ; তেতিয়াহলে সেই বস্তুখিনি তাত থকাটো উচিত হব। বস্তুটো মেলাভ নাথাকিলে কেনেকৈ আমি অন্ধ ভাৱে গ্ৰহণ কৰিম। মই জানো নিজে বস্তুটো মেলাত নিদিয়াকৈ আনক গ্ৰহণ কৰিবলৈ কব পাৰো।

গতিকে আমি যি সকলে আইন নাজানো, Layman হিচাবে সেইটো সমর্থন কৰিবলৈ সম্পূর্ণ ভাবে টান পাইছো আৰু আমি সেইটো মানি লব নোৱাৰো। গতিকে উপাধ্যক্ষ মহোদয় এই বিষয়ে আমি আপোনাৰ স্থাচিতিত Ruling কানা কৰিছো।

Shri Mohendra Mohan Choudhury: মই আগতেই কৈছো যে এই বিল annexure কৰাৰ আগতে আৰু মাননীয় সদস্য শ্ৰী ভট্টাচাৰ্য্য ডাঙৰীয়াই কোৱাৰ দৰে বিলখন Select Committee ত দিব লাগে। আৰু ইয়াত যে Defect আছে এই কথাত ময়ে৷ মাননীয় সদস্যৰ লগত একমত। আৰু মাননীয় সদস্য সকল ইয়াত উপস্থিত থকাৰ কাৰণে এই বিলখন library table ত খোৱা হৈছে। অৱশ্যে আজিহে দিয়াৰ কাৰণে পৰীক্ষা কৰি চাবলৈ সুযোগ পোৱা নাই। সেই কাৰণেই এই সুযোগ দিবৰ বাবে আৰু বিলখন Select Committee লৈ পঠোৱাৰ যিটে। প্ৰাস্তাৱ সেইটো চৰকাৰৰ ফালৰ পৰা সমৰ্থন কৰিছে।

Shri Dulal Chandra Barua: There should be a ruling on the point of order even then without disposing the point of order it cannot be taken up

Shri Debeswar Sarmah: I would only invite your attention to the facts so that you may consider them while giving your ruling. (I) That these annexures are not there but the 2 nd/and 3 rd as the hon. Minister for Legal Affairs said that references are formal and he quoted Shri Haque Choudhury also. I have my own doubts therefore, I hope and trust your ruling will also embrace that aspect of the matter, whether

this enumeration of the sections of the various Acts - and the acts are not few, Assam Acts 47 other Acts 37, altogether 79 Acts, are these only formal. That is the questions which need your earnest consideration. (2) That you will be pleased to find that enactments starting from I85I or something like that, down to I964, Assam Electricity Act have been sought to be amended and what about the others? Will they come again? Shall we have to go over all these things? I raised these points because when the bill was introduced the other day, in rather not normal circumstances. Therefore, I just invite your attention to these lacunae. I am only drawing your attention to these important aspects when you consider these and give your ruling, or if you like you may keep this open and send this to Select Committee.

Mr. Speaker: I have heard both the sides. Total acts received by this office at 11. 30 to day are 70 ln numbers, They were placed on the Library Table afterwards. Now, objections has been raised by Mr. Huda that those things were not circulated along with the Bill and there was no opportunity to study the different sets which were placed on the Library matter which Table. The hon, Minister has said that the of the word has been referred to here is substitution 'Magistrate' by the word Judicial Magistrate 'as has been emboded in the Bill. But the fact remains that acts relating to those have not been made available to the members for their study of the matter. Therefore, I think the objection is tenable and consideration of the bill may be postponed till proper circulation of these bills are completed.

(Applause from the opposition Bench).

Re: Issue of licences for huller and sheller machine.

draw the attention of the Chief Minister to the paper placed by the Minister. Supply regarding issue of licences for huller and sheller machines. Sir, if you go through the paper you will be surprised to find in what way the Government is following the policy in this respect. Sir, the Government policy in this respect was to give preference to the educated unemployed youths. But here you will find that those who have been given the licences almost all of them are related to some of Members of this House or they are already mill owners whom we can safely term as capitalists. If that be the state of affairs then where do we stand? And we should know what is our position to-day in regard to such matter. We want to know from the Chief Minister whether the Government is actually following the policy they have

declared in the august House that the educated Unemployed youths would be given preference in this respect. But what they have done? The licences have been issued to some old men, some ladies, belonging to the Congress Party who are also not in a position to run them and naturally they, will go for selling the licences or letting out to some capitalists. In Dlbrugarh, licences have been issued to the capitalists. Therefore, I want to know from the Chief Minister whether we should believe in the policy of the Government once declared here or we should believe in the present activities of the Government in which the capitalists and other vested interests have been favoured.

Shri Bimala Prasad Chalina (Chief Minister)—Sir, with regard to the liberal issue of permission for establishment of huller and sheller mills Government policy has been to issue licences on the merit of the application and that does not naturally confine it to the educated unemployed youths. Of course, Government will encourage them and will like to help them. But it cannotbe rigidly confined to the educated unemployed youths. The difficulty has been there that there has been flood of petition For example, the Hon, Member would himself find it difficult why he should not been given the licence. Let us take the first name, Shri Nechan Chandra Das of Barpeta. what particular reason can be stated for rejecting his petition? Similarly the, case of the second name Shri Dhiraj Kumar Chaudhury.

Shri Dulal Chandra Barua My point is that equal opportunity should be given to all. Because I am an M. L. A. my relation should get it, this should not be the attitude of the Government.

Shri Bimala Prasad Chalina—There may be some cases like that. But it will not be correct to disqualify one from the legitinate right because he is a relation of some M.L.A. or Minister. There—fore what I want to point out is that it not also easy to disqualify one.

Shri Dulal Chandra Barua—We are not going to ask the Government to do it. But it was the declared policy of the Government to consider the cases of the unemployed educated youths in order to create employment potential. Therefore, we should give priority to their cases. I am not going to say that because somebody is related to somebody he should not get it But why ignoring their cases the licences have been given to some persons who are already mill owners and capitalists? That is my contention. The cases of the educated unemployed youths should be given the preference over all others.

Announcement by the Speaker Ruling one privilege Motion, table by Shri Dulal chandra Barua M.L.A.

Mr. Speaker—Before I announce the prorogation order I want to make another announcement. I was to give ruling on the privilege motion tabled by Shri Dulal Chandra Barua.
