Sub : Forest Cover of Assam.

Dr. Alaka Sarma asked :

* 50. Will the Minister of Environment & Forest be pleased to state :

(a) Is the Govt. aware of the fact that often repeated claim of the Hon'ble Minister, Forest that in Assam, the extent and density of forest cover is not showing a declining trend, does not match with the satellite images on Forest cover of Assam?

(b) Is the Govt. keen to have independent evaluation of Forest Development Agency's work in Assam along with that of Bomboo Mission by reputed NGO or non-official persons?

(c) If so, whether any deadline for setting up evaluation and modalities been fixed?

Shri Rockybul Hussain (Minister of Environment and Forest) replied :

(a) It has been claimed that the Forest and Tree cover in Assam has shown an increasing trend as per the State of Forest Report, 2009, published by the Forest Survey of India, Ministry of Environment & Forests, Government of India which is based on Sattallite imageries. As per the State of Forest Report, 2005, the Forest and Tree cover in Assam was 37.28% which has gone upto 37.33% as per the State of Forest Report of 2009.

(b) Yes.

(i) Evaluation is done both at the Central level as well as State level.

(ii) There is a National Level Steering Committee and State Level Coordinator Committee.

(c) The Modalities of evaluation have been prescribed in the Operational Guidelines of the National Afforestation Programme (NAP) and National Bamboo Mission. However, no any deadline has been fixed in the Operational Guidelines.

Sub : Lifting of Sand.

Shri Sirajuddin Ajmal asked :

124. Will the Minister of Environment and Forest be pleased to state :

- (a) Whether the Govt. is aware about lifting of huge quantities of sand from the river Jamuna at Samorali Bazargaon, Tupgaon and Uttar Samorali under Nagaon South Division of Forest since 2007 till date?
- (b) Whether any sand mahal is permitted by the Govt. in said locations mentioned above? If so, give details of the permission and allotment documents in this regard?
- (c) If not, whether the Govt. will take exemplary action against such illegal lifting of forest materials? (Please clarify in details).

Shri Rockybul Hussain (Minister of Environment & Forest, Assam) replied :

- (a) Govt. is aware about lifting of sand from Debasthan sand mahal of Nagaon South Division in Jamuna river where Samorali Bazar, Uttar Samorali etc. are collection points of the mahal. The mahal is running since long back. The mahal was running before 2007 also.
- (b) The Debasthan sand mahal which is running from long back and is located in Jamuna river from Howraghat PWD, RCC Bridge to Samorali Bazar. The mahal was

sold by tender system up to 11-06-2010. (The documents of last settlement are enclosed as Annexure I & II). (See Annexure-XXVIX) During the mahal period and after that also permit for construction works of State Govt. as well as Central Govt. and other Govt. bodies have been issued. The details about issue of permits running and issued after 11-06-2010 are given in Annexure-III. (See Annuxre-XXX)

- (c) The collection of sand in the mahal area is going on under proper permission. So, the question of taking exemplary action does not arise. However, legal action will be taken against any body who collects sand illegally without permission.

COMPONENT-WISE ACTIVITIES CARRIED OUT BY THE ASACS IN THE STATE

To prevent HIV / AIDS in the State a State AIDS Cell was established in the year 1992-93 under Director of Health Services and Assam State AIDS Control Society was formed in the year 1998. National AIDS Control Organisation (NACO) is drawing up 5 years project since 1992. Accordingly third phase is being implemented since July, 2007. ASACS is implementing the NACP as per the NACO's strategic plan and now the IIIrd Phase is being implemented.

The main components of the third phase are :

1. To prevent new infection. 2. To provide treatment and care and support to already infected and affected people with HIV / AIDS.

And other two components are

3. Institutional Strengthening
4. Strengthening Strategic Information Management System.

To Prevent new infection the following steps are being taken :

- a. Targeted Intervention among High Risk Groups (BRGs) and Bridge Population which is mainly implemented through NGOs. At present 56 NGOs are implementing the programme across the state. In this component the people practicing high risk' behavior are identified, treatment is provided to STD cases and condom promotion is done along with behavior change communication

(BCC).

- b. IEC where different Medias are utilized to create public awareness and to disseminate the correct messages for HIV / AIDS. This includes printing medias, like - "posters, hoardings, leaflet, banners, electronic media like television, electronic display, folk media like mobile theatre etc. and social events like, Sabhas, Rash Jatra are involved. Moreover events like Worlds AIDS., Day, Red Ribbon Express etc. are utilized for creating awareness in the mass people. As a result awareness in the general people are raising to a satisfactory level.

School AIDS Education programme and awareness campaign for general people are being carried out. Advocacy Workshop being conducted for officials and different Department like, Education, Home, Social Welfare, Sports & Youth Affairs, Tourism, Industries, etc.

- c. Integrated Counseling and Testing (ICT) services where suspected people are diagnosed with blood testing for HIV after counseling and obtaining informed consent. Person may come voluntarily or under referral. Positive cases are referred to ART Centre or to any other treatment centre for opportunistic infections. People are also counseled how to avoid HIV infection and changing the risky behavior. At present 130 ICT- Centres are functioning. The achievements till now (up to 31st Oct'10) 6,60,677 persons tested and 4,865 samples found to be HIV positive.
- d. Blood Safety - Every unit of blood is tested for HIV in Licensed Blood. Banks before allowing it for transfusion. At present licensed Blood Banks in the State are 68, NACO

supported 32 and others are private and Central Govt. undertaking.

e. **STD Control:** Person with STD are more vulnerable to acquire HIV. By treating and curing STI, transmission of HIV can be prevented to a great extent. STD Centres are established in all the 4 district hospitals & Medical Colleges and medical personnel are trained in the subject mainly in syndromic management. At present 27 designated STD Centres are there across the State.

f. **Condom Promotion :** Condom Promotion with demonstration is being done by Trained Health Care Providers and NGOs; even Condom Vending Machine (CVM) are installed in vulnerable areas.

g. **PPTCT (Prevention of Parent to Child Transmission)** Centres are integrated with ICTCs in Medical Colleges, district Hospitals and in some CHCs and also expanded to private hospitals.

It is targeted that all the ANC cases coming to the hospitals will get counseling and testing will be done after obtaining consent. If any expected mother is found HIV positive, a prophylactic medicine is administered to the mother at labour and also to the baby immediately after birth. With this programme the rate of transmission is brought down from average 30% to 2-4%. At present more than 96 % of the ANC cases coming to the District Hospitals and Medical Colleges are being tested for HIV.

The mother and the baby are referred to ART Centre for necessary investigation and treatment. If properly treated maternal mortality rate will be reduced. Counseling is also

given regarding breast feeding to prevent transmission through breast milk.

- h. **Training** : Besides the health personnel working in the Health Deptt., Anganwadi Workers, SHGs are also being trained to carry out awareness programme at grass root levels even the private doctors are also trained. Moreover, advocacy workshops are conducted among the personnels of different departments like Education, Home, Tourism, Social Welfare, Youth & Woman affairs, Sports etc.
- i. **Care, Support and Treatment** : The HIV infected persons are referred to ART Centre where CD4 Count is done along with other investigations and ART treatment administered if feasible. Counseling and treatment for Opportunistic Infection (OI) are also provided.

- Besides 3. ART Centres in -three Medical Colleges for OI management, STD Clinics and ICTCs are established in all the Medical Colleges and district hospitals and in some CHCs. Medicines for Opportunistic Infection and also treatment for STDs are being supplied to all these institutions. All these medicines along with ARV drugs are being provided free of cost.

Health personnel at different level and also some NGO members are trained to extend care and support and home based care to all the persons infected with HIV & AIDS.

- 8 Link ART Centres are established at Golaghat, Nagaon, Tezpur, Bongaigaon, CRPF Composite Hospital,

Karimganj, Jorhat Medical College and Diphu Civil Hospital with a view to give relief in financial hardship and physical trouble of the PLHA and to get the ART medicine at their nearest place.

• Three Community Care Centres are running at Guwahati, Silchar and Dibrugarh by NGOs where besides treatment, feeding & lodging arrangements are also available for AIDS cases.

Government of Assam is providing transportation cost & expenses for investigation of AIDS patients who are coming to ART Centres. All efforts are being continued at all level to reduce stigma and discrimination against HIV / AIDS.
